Natural Slate and Quartzite Series

天然板岩及石英石系列

天然文化石是开采于自然界的石材矿床，其中的板岩、砂岩、石英石，经过加工，成为各具特色的装饰建材。其自然的纹路保持着原始的风貌，加上色泽调配变化，能将石材质感的内涵与艺术性展现无遗。符合人们崇尚自然，回归自然的文化理念，用这种石材装饰的饰面，制作的壁景等，传达着一种文化韵味和自然气息。

Natural Culture Stone, including the slate, sandstone and quartzite, is exploited from the natural stone mines. After processing, it will become the distinctive decorative building materials. Its natural texture keeps the original style of nature stone. Plus the natural color assortment, the connotation and artistry of nature stone or its original texture will be fully exhaustive. This matches the people's idea of advocating the nature, returning to nature... We strongly recommend People to use this kind of nature slate/sandstone/quartzite as the façade, wall background, paving, etc, as that conveys to people a cultural charm and a natural flavor.
